CAPT. BLACKWELL, MAYOR-ELECT OF ALBANY, IS SUDDENLY STRICKEN

Attacked With Paralysis Day Following His Successful Campaign for Office

Capt. Samuel Blackwell, mayor-elect of Albany, who was stricken with paralysis shortly before noon yesterday, was reported as resting well at noon. Although his condition is not considered immediately critical by his physicians, the stroke was a severe one and the left side is completely paralyzed.

The attack came without warning. Capt. Blackwell had just left his office over the Central National Bank building and had begun to descend the stairway, when his legs suddenly

became weak and he called to Dr. J. L. Gunter, whose offices are nearby, for assistance. Several friends came to his rescue, and Dr. M. W. Murray was hastily summoned. The patient was later removed to his home, where he was attended by Drs. Murray and Carswell. He did not lose consciousness.

It was late yesterday afternoon before news of the attack became known. Many friends hastened to express their sympathy, and expressions of regret were heard on every hand.

President to Fix Price of Cotton; Probably Will be 27 Cents Pound

(International News Service) Washington, Sept. 18.—Senators from cotton states, following their conference with President Wilson this afternoon, expressed the belief that some form of cotton price fixing would be attempted by the administration. They hope however to have the prices set applied to next in-

stead of this year's crop. The maximum and minimum prices said to be under consideration are 28 and 25 cents a pound, but it is generally believed the price will be around 27 cents.

President Wilson indicated that he will make an additional announcement within 48 hours.

Two Hungarian Regiments Mutiny, Are Killed With Machine Guns

London, Sept. 18.—Two Hungarian regiments mutinied at Budapest and were shot down by German soldiers with machine guns, according to a

Hungarian officer, who has just been captured by the Americans on the western front, said a dispatch received here today.

DAVIS NAMED AS U. S. AMBASSADOR TO GREAT BRITAIN

(International News Service) Washington, Sept. 18.—The appointment of John W. Davis, solicitor general of the U. S., to succeed Walter Hines Page as ambassador to Great Britain, was announced today by Secretary of State Lansing. Mr. Davis is at present in Switzerland attending the Bern conference at which the care and treatment of prisoners of war of Germany and the U. S. is to be determined.

Pershing to Give Another Dose to Huns, He Wires

(International News Service) London, Sept. 18.—"Your congratulations are deeply appreciated," wired Gen. Pershing in his reply to the congratulatory message sent to him by Premier Lloyd George.

"I shall endeavor that the American army shall supply you occasional doses of the same sort of medicine as needed until final victory is won." Note: In his message, sent from a sick bed, Lloyd George told Gen. Pershing that the American victory at St. Mihiel had done him more good than the medicine he had taken.

Hoover Insists Real War Bread is Proper Diet

(International News Service) Washington, Sept. 18.—The American people will be called to eat "real war bread" similar to that which the allies now have to be content with, if an amendment favored by Food Administrator Hoover is added to the pending \$8,000,000,000 revenue bill. Hoover would require the use of this country of mixed flour, 80 per cent. wheat and 20 per cent. other cereals.

Mid-Week Lunches To Be Resumed

The value of the mid-week lunches was discussed at a meeting of the board of directors of the Board of Commerce last night and plans were made for taking them up again within the next thirty days. They will be put on at the Y. M. C. A., and arrangements will be made with some of the ladies' organizations to serve them. Because of the high cost of food stuffs, it will not be possible to put them on at the same price as in the past. It is thought, however, that the business men of the town will consider them of sufficient value to be willing to pay a little more. This will make the proposition more attractive to those who serve, and will enable them to continue serving through the winter. The ladies' organizations wishing to consider this matter will please get in touch with Secretary Henley at once.

ELEVATOR BUILDING TO TOWER SKYWARD

With the arrival yesterday of W. S. Brandon, of the Brandon Mill & Elevator Company of Marietta, Fla., things began to hum in the neighborhood of the Decatur ferry where the new mill and elevator will soon be erected. The old office and store room of the Decatur Navigation Company will be torn down and on this site will stand the new elevator which will tower 92 feet in the air. Material is already beginning to arrive and Mr. Brandon hopes to have the elevator completed by Nov. 15.

7,500 Men Needed for Marine Flyers

(International News Service) Washington, Sept. 18.—1,500 officers and 6,000 enlisted men are needed for the aeronautic division of the U. S. marine corps recently organized, it was announced by the navy department today.

FIRST QUESTIONNAIRES TO NEW REGISTRANTS ARE MAILED TODAY

The local board today received instructions from Adjutant General Hubbard to begin mailing out questionnaires to Morgan county selectmen. The office force at once began a drive that will result in 400 questionnaires being placed in the mails by night.

(International News Service) Washington, Sept. 18.—Local draft boards have been ordered by Provost Marshal General Crowder to begin mailing out questionnaires to all of the men between 19 and 36 years of age, inclusive, who registered last Thursday, except British and Canadian subjects, who have 30 days to voluntarily enter the British and Canadian armies.

Ten per cent. of the questionnaires are to be mailed by each board each day until the entire group has been sent out. Provost Marshal General Crowder announced and under the regulations each registrant is given seven days to fill out and return the document.

"It is, however, the earnest hope of this office that the registrants will not require as much time as this,"

General Crowder said, "and that every effort will be made to turn the questionnaires in properly answered as quickly as possible. Under the maximum time allowed local boards, in mailing out and returning them, the questionnaires for the entire age group should be back in the hands of local boards within three weeks."

Approximately 6,000,000 men are in the 19 to 20 and 32 to 36-year classes to whom questionnaires go, it was said. There are also some 40,000 additional men, between 21 and 31 years of age, who were added to the draft rolls Thursday, registering for the first time, and these also will be classified.

The date for the drawing that will, in a measure, determine the order of calling the men into service, will be announced soon.

HAMILTON'S TRIAL SET FOR FRIDAY

SLAYER OF POLICE OFFICER BASS ARRAIGNED TODAY BEFORE JUDGE BRICKELL

Will Lee Hamilton, the negro charged with the death of Police Officer F. A. Bass of Decatur, whom he shot and killed last Saturday night a week ago, was arraigned in the circuit court this morning before Judge Brickell, and the date of his trial was set for Friday morning, at 10 o'clock. The man was brought back here last night and placed temporarily in the Morgan county jail.

Owing to the quick trial and the prospect for speedy justice being meted out, public sentiment has been allayed and mob violence is no longer feared. There is a general demand now that the law be allowed to take its course.

Hamilton's trial is expected to draw large crowds to the court house Friday morning. Indications are that the case will be disposed of before Sunday, as there were only a few eye witnesses to the tragedy. Among recent witnesses discovered is a white man from an adjoining county who was standing across the street at the time that the officer was killed.

SCOUTS MEETING TONIGHT
Albany Boy Scouts will meet tonight at 8 o'clock at the Y. M. C. A. This is an important meeting and a full attendance is desired.

WILSON'S REPLY TO PEACE MOVE PLEASES LONDON

(International News Service)

London, Sept. 18.—The morning papers today play up President Wilson's answer to the Austrian peace note in their leading columns. They unanimously agree in editorials that the answer is the right one. The comment praises the brevity of the note and the quickness with which it was dispatched, recalling that it is in marked contrast to oldworld rattle and diplomatic verbiage.

The Times says: "America makes short work of diplomatic cob webs. The note is exactly what it ought to be, and what without doubt the answer of the entente powers will be."

WHITE PLAGUE MASS MEETING IS CALLED

TO BE HELD AT DECATUR CITY HALL ON FRIDAY EVENING.

Dr. George Eaves, of Birmingham, and Mrs. E. H. Rawlins will be the principal speakers at a mass meeting to be held at Decatur city hall on Friday evening of this week, beginning at 8 o'clock. The meeting is for the purpose of forming a county organization to combat the spread of the Great White Plague, and to care for the sufferers from this dire malady. Dr. Eaves is said to be the most forceful and best informed speaker in the south on this subject. He is secretary of the State Anti-Tuberculosis League. Mrs. Rawlins has been doing research work in Limestone and Morgan counties for some weeks, and at the mass meeting is expected to give an exhaustive report of her investigations.

It is expected that there will be a large attendance at the meeting, as tuberculosis is the most prevalent and most fatal of all diseases.

Marines and Sailors From Drafted Men

(International News Service)

Washington, Sept. 18.—Calls for the induction of selective service men into the navy and marine corps are to be issued within the next few weeks, Provost Marshal General Crowder today notified draft officials of all the states. With few exceptions these calls will be similar to the ordinary calls issued for the army.

TURKEY ALSO IS WEARY OF WAR

MISERABLE CONDITIONS NOW PREVAIL IN THE OTTOMAN EMPIRE.

(International News Service)

Zurich, Sept. 18.—Intense suffering from damage and lack of clothing is prevailing throughout Turkey and Austria-Hungary. The Turkish delegation to a conference in Vienna which preceded the sending of the Austrian peace note told of the miserable conditions in Turkey and the war-weariness of the nation. Food riots are prevailing in many parts of Austria as well, and under-nourished babies are dying by the thousands. Women mobbed and looted stores at Boujak and martial law had to be proclaimed. It is reported that the sultan of Turkey will visit Vienna in about two weeks.

ALLIES MAY TAKE CHARGE IN CHINA

(International News Service)

London, Sept. 18.—There is a growing demand that the allies intervene in China to restore order, according to dispatches from Peking today. The civilian war in China has come to a deadlock and the country is being overrun by brigands.

HOLNON WOOD TAKEN AS BRITISH PRESS FORWARD IN PICARDY

GERMANS TO USE 3,000,000 RUSSIANS

Pershing's Veterans Make Mile an Hour For Eight Hours

(International News Service)

London, Sept. 18.—(4:25 p. m.)—British troops on the Picardy front advanced from two to three miles today in the great new drive on St. Quentin. One thousand five hundred German prisoners have been captured. The Sigfried line has been broken beyond Havrincourt. This is the old Hindenburg line.

(International News Service)

Rome, Sept. 18.—At a recent conference of the rulers of the central powers it was decided to enroll 3,000,000 soldiers from Esthonia, Livonia, Courland, Ukrania, Finland and other parts of Russia, with the 1920 class of Germany and Austria, with which to withstand American attacks, according to the Zurich correspondent of the Corriere d'Italia today.

At the same time the Austro-Germans plan to raise 1,500,000 additional troops to fight the Czech-Slavs in Russia, it was said. The plan is reported to be depending upon the dying down of battles in the west, in order that the central powers might have six months respite in which to carry out their program. The above provinces are all overrun by German troops.

With the Americans smashing forward south of Metz, the French advancing north of the Aisne and the allied forces plunging ahead on the Balkan front, the British launched a brand new blow northwest of St. Quentin today.

The new British assault followed a successful blow on Tuesday which put Holnon village in their possession. The Americans have taken and passed beyond Vendieres on the Moselle and are almost in Pagny-Sur-Moselle, which is about 10 miles southwest of Metz.

The French have gained a foothold on the western end of the Chemin des Dames, while the British lines on the Flanders front have been extended south of La Basse canal.

(International News Service)

Paris, Sept. 18.—The important gains made by the allies on the Woevre plains on the Metz front, north of Soissons and in the Balkans, were regarded here today as the best answer of the allies to the Austrian peace drive. The progress made in Macedonia is extremely important, as the allies now hold heights that dominate the Bulgarian positions for many miles in the rear.

(International News Service)

With the American Army on the Lorraine Front, Sept. 18.—Amidst a driving rain storm, a heavy artillery duel raged this morning along the Hindenburg line in front of Metz. Bad weather is interfering with aerial activity. Everywhere on this front the Germans have fallen back to the fortified position known as the Hindenburg line.

Two Prussian 203 millimetre guns, six giant minnenwerfers, 100 heavy machine guns, 100 light machine guns, two anti-tank guns, 1,000 rifles, 3,500,000 rounds of small arms ammunition were captured. Most of the prisoners were from Austrian units.

(International News Service)

Paris, Sept. 18.—Further progress in the French drive between the Aisne and Ailette rivers in which enormous losses were inflicted upon the Germans is announced by the French war office today.

(International News Service)

With the American Army on the Lorraine Front, Sept. 18.—Vantieres village, on the Moselle river, south of Metz, was captured by the Americans in a brilliant attack on Sunday afternoon, it is now permitted to be made known by the censor. Vantieres lies just south of Pagny-Sur-Moselle. After losing the town the Germans bombarded it with gas shells, compelling our men to evacuate it for the time. On Monday the Americans advanced again and not only re-occupied the village, but passed beyond it. American patrols have pushed within 300 yards of Pagny. Haumont has been captured. One crack American division captured 90 guns and 3,200 prisoners.

The American division that captured Haumont advanced 14 kilometers, or 8½ miles, in eight hours. It captured 1,000 prisoners from nine different divisions. Seven villages were captured by this unit.

(International News Service)

London, Sept. 18.—Holnon village, only 2½ miles from St. Quentin, has been captured by the British, the war office announced today. Another strong attack was launched northwest of St. Quentin this morning. A number of prisoners were taken in Holnon, which lies southwest of St. Quentin on the St. Quentin-Amiens road.

With the British Army on the Flanders Front, Sept. 18.—(6 a. m.)—The British launched another drive against the Germans on the Picardy front. The assault began at 5:30 this morning over a front of 25,000 yards. The zone of the new attack extends from just south of Gouzeaucourt to Holnon wood, three miles northwest of St. Quentin. On the southern end the attack is directed against ground dominating the old Hindenburg line.

MORGAN COUNTY FARMERS MUST GROW WHEAT

County Agent Ernest Carnes, in a communication in today's Daily, gives the dates of meetings that he will hold for the purpose of instructing farmers regarding the government's wheat production program for the coming year. Morgan county is expected to do a full share in feeding our armies and those of our allies, and the only way that this result can be attained is through a systematic campaign. Each farm owner is to be told just how many acres of wheat he must plant, so that he will know just exactly what is expected of him and just what Uncle Sam demands in exchange for the deferred classification granted to agriculturists. Just as the laborer and mechanic has been told by President Wilson that he must work or fight, so is the farmer to be told that he must help win the war or get into the army. Fortunately, the majority of farmers need only to be advised of what the government expects. They are too patriotic to even need coaxing when it comes to doing their duty.

DEBS IS NOT A MARTYR.

From the New York World.
In legal phrase, Eugene V. Debs has been found guilty of violating the espionage law. In fact, he stands convicted of inciting insubordination, mutiny and refusal of duty in the military and naval forces, of obstructing recruiting and enlistment, and of encouraging resistance to the United States and promoting the cause of the enemy. As all this in time of war falls just short of treason, it will be seen how little excuse Mr. Debs has for his melodramatics in regard to martyrdom.

It would be idle to punish such offenders as Haywood and his I. W. W. miscreants or Mrs. Rose Pastor Stokes and ignore the performances of a man who has been four times a candidate for the presidency, receiving once almost a million votes, and who may be supposed to have some knowledge of law. Perfect freedom of speech is not denied in this country even in war except in one direction. Those who misuse that privilege in order to thwart the national will and to assist the enemy are bound to suffer the consequences, and they are victims only of their own baseness and folly.

In the military service desertions and betrayals, even cowardice, are summarily punished. The political fanatic or social agitator who, in presumed safety far from the front, counsels these crimes, only adds disgusting hypocrisy to his offense when he claims immunity for preachment calculated to bring young, timid or ignorant soldiers face to face with a firing squad.

Twenty-four years ago Mr. Debs was instructed by a jail sentence, affirmed by the United States supreme court, that in time of peace incitement to lawbreaking is not comprehended in any bill of rights. Pronounced guilty now in war of the same evil practice, he will find in the penalty soon to be imposed that, with its everlasting principles unchanged justice belligerent and in peril is always sterner than justice tranquil and secure.

The army has ruled that there are to be no more bugle blasts to lead soldiers on to victory. From now on all the horn blowing will be done by the candidates for office.

Senator Lodge is a real American. As the republican leader of the Senate he delivered an address yesterday in which he pledged his party to stand squarely behind President Wilson in opposing a hatched-up peace.

President Wilson is just as adept in repulsing a "peace offensive" as Pershing's men are in hurling back the Huns when they lunge against the American trenches.

Some of the editors are classing Lenin and Trotsky with Judas Iscariot. Has Judas fallen so low as this?

The Bolshevik leaders continue to show a leaning toward "peace at the highest price."

Rumors of the abdication of the Kaiser are premature. In other essentials they are correct.

DEFENSE COUNCIL HOLDS MEETING

TWELVE COMMUNITY COUNCILS TO BE HELD IN COUNTY.

The county council of defense held its regular weekly meeting at the court house Monday night, with E. C. Payne, chairman, presiding. The information was given out that the National War Industries Board had ruled that absolutely no new buildings should be erected, save those which could be shown to the county and state councils of defense as contributory to the winning of the war. Where anyone wishes to build, he must first apply to the county councils of defense, who will recommend to the state council of defense whether or not the desired building shall be erected.

All work being done by the army navy, or directly by the Government, is not under the jurisdiction of the council of defense. Neither is a license needed for railroad construction, mine buildings and the like. For street building the highway commissions, or similar bodies, must be consulted.

A Busy Session Was Held
From eight to eleven the council was busy. Community councils were ordered set up at twelve community centres throughout the county. At Hartselle, Falkville, Valhermosa, Danville, Eva, Shipup, Trinity, Somerville, Austinville, Flint, Decatur, Albany.

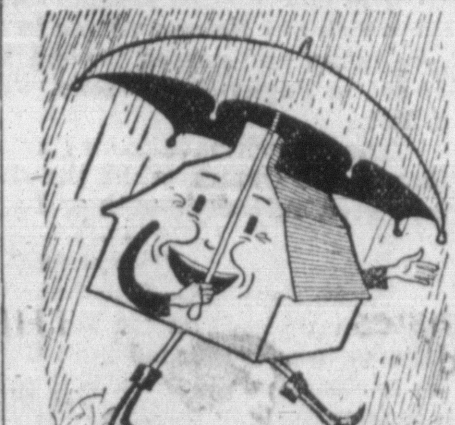

Arrangements were perfected last night for such an organization meeting to be held at Hartselle on tomorrow night and at Valhermosa Springs on Saturday night.

To Mrs. R. E. Saunders was given the sanction of the council, to put on "The Man Without a Country" at a local theatre, proceeds to go to war work in the county.

Cliff Saunders Appointed Delegate
Cliff Saunders, chairman of the Seven Fold War Work Drive for the county which is to be put on in November, was appointed by the council as their representative to the "War Camp Community Service Conference" which will be held in Montgomery Sept. 23-24th.

Clyde Hendrix announced the appointment of J. L. Kuhn, as publicity man for the Fourth Liberty loan drive for this county; also, that Otto Moebes, in addition to serving as zone chairman of speakers for the Fourth Liberty loan, was to be county chairman for the same work.

T. A. Bowles, zone chairman, announced that Limestone county men had pledged themselves to raise their county quota, in one week, regardless of its amount, and that Limestone had an exceptionally fine organization for

Does your House laugh at Rain?

A house poorly painted is at the mercy of the weather. The gales of Spring and Fall drive the beating rain into bare or flaked surfaces, softening the wood and leading to unsightly warp and decay.

The house that can laugh at rain, at snow, wind, frost, or broiling sun is the one protected by good paint. Give your house a few coats of

A committee composed of Rev. L. F. Goodwin, Clyde Hendrix, A. E. Jackson and T. A. Bowles, was named to devise means of financing the county council of defense, so as to relieve Mr. Payne, the chairman, of that burden, which many months he has been bearing unaided, at a personal cost of over \$200.

ALBANY RED CROSS

HOME SERVICE DEPARTMENT

In his recent monthly report to the Gulf division of the Red Cross R. H. Wolcott, home service chairman for Albany Red Cross is shown to have personally visited 18 of the Morgan county soldier families. Of this number, one family received a small loan, which has been returned to the Red Cross treasury. Subjects discussed with the families visited include health, school attendance of younger children, unruly children, allowances, compensations and allotments. Letters written by Mr. Wolcott, two. Interviews with pastors, dentists, lawyers, and physicians of families, 25.

Mr. Wolcott has not yet completed the organization of his committee and at present is doing all the work himself. One Morgan county soldier boy was finally traced to France, after a dozen or so letters had been written and finally, a letter was secured from the soldier to his mother. As son as the chairman received it the mother was sent for. As she had not heard from her son in over a year her relief is better imagined than described.

PUBLICITY CHAIRMAN,
Albany Red Cross.

THANKS

I take this method of publicly thanking my friends who so loyally supported me in my race for Chief of Police of Albany, and assure you that your vote was thoroughly appreciated, and trust that I may be able, sometime in the future, to return the favor granted.

You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns - big, little, medium size - which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town - fresh, clean, and sweet - once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packer's usefulness. It fits into the industry in an orderly, effective way. It makes *better* meat *cheaper* from one end of the land to the other.

MAN WITHOUT COUNTRY
COMING FRIDAY
Masonic Theatre

"The Man Without a Country" tells the story of John Alton, a worldly young American residing in New York just prior to America's entrance into the World's War. Alton, who is a pacifist, is engaged to Barbara Blair, whose father, Phineas Blair, is head of the pacifist society. Barbara is intensely patriotic and when she sees that Alton will not change his views after her brother Tom has enlisted, Barbara breaks engagement and sails for France as a Red Cross nurse.

A MAN'S MAN.
Delite Thursday.

The story: John Stuart Webster, mining engineer, having accumulated a fortune in Death Valley, Calif., starts for Denver. On the train is Dolores Ruey, a beautiful Spanish girl reared in the United States. Webster thrashes a traveling salesman who has been forcing his attentions on Dolores and thereby gains her admiration. Upon his arrival in Denver he leaves for Sobrante, Central America, to finance a mine found by his former protege, Billy Geary. Dolores is also bound for Sobrante. Her father, Don Ricardo Ruey, had been President of the Republic, until he was killed by revolutionists. They board the same train but Webster is seized with ptomaine poisoning and is removed to a hospital. Dolores is met by Billy Geary, who falls desperately in love with her. When he arrives, Webster does everything to give Geary a clear field, but after he has put Dolores's brother in the place his father held, he finds he has not only won a revolution, but a wife.

Letters From Trench & Camp

U. S. S. Vixen, Aug. 3.

Dear Sister:—

Would be very glad to hear from you, haven't had letter in several weeks, haven't heard from Dad and Eva either. Sincerely hope all is well, I am fine, am not expecting to get home in several months. I passed examination and made first-class mechanic last month, my pay now is \$66.50 per month, and I am not doing any manual labor at all. I mean nothing that is very hard or tiresome, am on duty 4 hours then off 12, that is great isn't it? Navy life is nothing much but eat, sleep and read, I certainly like it, am so glad I volunteered when I did, I have subscribed for another \$100.00 Liberty Bond. Well is Eva still with Dad? Wish she would write me, hope Jack is well. How is baby Earl? Wish could have been there so we could have celebrated our birthday together, had a letter from brother he is still in Boston, sure wish I could see him, although I know I can't see him any time soon as there is over two thousand miles between us.

Well I haven't time to write much, so hope to hear from you soon, as ever your brother,

TELLIS.

The foregoing letter was received by Mrs. H. F. Jackson, of Milledgeville, Ga., a former resident of Albany, from her brother.

"Somewhere Over Here"
August 1st, 1918.

Dear Mother:—

I am afforded the liberty to write you a few lines. To let you know that I am alright yet. Enjoying life fine as ever. Only waiting for the day when I can come home again. I'm sure you must be worrying a great deal about me, but I feel pretty sure that I'm going through everything alright. I have written you several letters, without telling you that I'm in the hospital. But nothing serious is wrong with me. So do not think anything of that, I will be out again in a few days. I will be glad when I get back to my company again.

There isn't anything new to mention so do not worry about me for as I have said I am getting along alright. I will say good-bye for this time. Trusting I will hear from home soon. With love to all, your loving son,

WHAT MIGHT HAPPEN

A number of our exchanges have been speculating on what would happen if the government took over the newspapers. Well, the first thing the subscription price would be raised about 50 per cent, and the sheriff would be kept busy chasing delinquents. The next step would be to raise wages about 25 per cent, and editors, who hadn't had a cent in six months they could call their own, would be placed on a salary. The merchants who fail to get their ad copy in until press day would be hauled up before the council of defense and our linotype man who hired out for two weeks would be sent to Leavenworth for looks like a good proposition and about ten years as a deserter. It we're fr it.—The Fairbury (Neb.) News.

New Draft Law Stops Football

By JACK VIEOCK

International News Sports Editor
New York, Sept. 18.—Intercollegiate football is doomed, probably for the duration of the war.

The sudden turn in the tide came with the passing of the new Draft law by Congress, embracing American manhood between the ages of eighteen and forty-five.

Prior to the passing of the law it was planned to play intercollegiate football. Eastern and Western colleges alike were making preparations to go ahead with schedules as in former years and, although the average prospective player would have been much younger than in past years, it was believed that the game could have been conducted successfully.

Now the military programme planned for the fall semester in colleges throughout the country has made the playing of intercollegiate games practically out of the question except in a few scattering cases.

President Sills, of Bowdoin College was the first college official to sound the death knell of the gridiron game. Returning from a gathering of Eastern college presidents at Pittsburg, N. Y., recently, President Sills an-

nounced that plans for military training among the students would make intercollegiate schedules impossible.

The extent of military training at any one college or group of schools has not been definitely announced at this writing, but it is generally believed that the students will be so occupied with this training, in connection with their studies, that there will be a general movement to cancel schedules.

COUNTY ORGANIZATIONS FOR THE THIRD LIBERTY LOAN HAVE BEEN PERFECTED.

Mrs. J. D. Wyker chairman of the Woman's Division of the Fourth Liberty Loan went to Birmingham Friday taking with her some appointees to be instructed in the preparatory work for the Fourth Liberty Loan. Experience has removed many obstacles encountered in the former campaigns. This campaign will have as aid the four-minute men, Liberty Sings and many other supporters.

A trench luncheon was served the chairman on the mezzanine floor of the Tutwiler—the decorations were the flags of the Allies with the stars and stripes as a background. As a souvenir at each plate was a picture of Gen. Pershing—the soup was served from an iron pot as the guests filed by with their cups. They found their "rations at the long table, that was decorated with vases made by wounded soldiers of shells picked up after the first battle of the Marne. Each county now is fully prepared for the next work beginning Sept. 28.

Huntsville Soldiers Are Hun Prisoners

Huntsville, Sept. 18.—Corp. Lauris Jones and Corp. James Lane, both Huntsville boys and both members of the famous 167th infantry, have been captured by the Germans and are enjoying good health in prison camps miles from the frontier, according to cards which have been received by relatives in Huntsville. They were captured in the German rush in the Chateau Thierry sector July 18, three days before the Americans turned on their enemy and flattened the sector. Corporal Jones is a brother of Probate Judge Thomas W. Jones and Corporal Lane is a son of the late Charles P. Lane, for many years editor of the Huntsville Tribune.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it.

To Be of No Church Is Dangerous, Says Celebrated Writer. Go to Church

ONE of the most powerful arguments for the GO TO CHURCH movement is found in the words of Dr. Johnson, the celebrated writer, when he says: "To be of no church is dangerous. Religion, of which the rewards are distant and which is animated only by faith and hope, will glide by degrees out of the mind unless it be invigorated and reimpresed by external ordinances, by stated calls to worship and the salutary influence of example."

"Stated calls to worship."

IS THERE ANY MAN, WOMAN OR CHILD WHO CANNOT DEVOTE A PART OF THE SABBATH DAY TO DIVINE WORSHIP? A MAN ALWAYS WILL DO HIS BEST TO KEEP A BUSINESS OR A SOCIAL ENGAGEMENT. HOW ABOUT THAT ENGAGEMENT WITH GOD? DOES IT DEMAND TOO MUCH? ALL THAT HE ASKS IS A BRIEF PERIOD OF THE DAY THAT HAS BEEN SET ASIDE AS HIS DAY. THIS COUNTRY NEEDS RELIGION TODAY MORE THAN IT EVER DID. WHILE IT IS TRUE THAT IN THE PAST TWO YEARS THERE HAS BEEN A GENUINE RELIGIOUS REVIVAL, A LOT REMAINS TO BE DONE.

Don't let this magnificent GO TO CHURCH movement lag. It got away to a splendid start. DON'T LET IT LOSE ANY OF ITS IMPETUS. In every hamlet, village, town and city in these United States the GO TO CHURCH movement caught on. It was plain from the start that, despite what scoffers might say, RELIGION NEVER WAS DEAD. All that the people wanted was a reminder. When they realized that God and the churches needed them they responded nobly, and they soon realized that God and the churches did not need them nearly so badly as they needed the help of God and the churches.

A man without religion, a man who does not GO TO CHURCH, is in an unfortunate state. If you have been lax, now is the time to take a brace.

GO TO CHURCH next Sunday.

TO WHOM IT MAY CONCERN:

This, August 31st, 1918, I, G. B. Moore, Sr., retire from the active management of the Moore Supply Co., on account of failing health. I am thankful for patronage and support of the people of Albany and vicinity. Twenty-nine years ago this date, I came to Alabama—"Here We Rest." But through hard work and strictly minding my own business I am now financially able to take my rest.

Respectfully, G. B. MOORE, Sr.

Commencing Sept. 2, 1918, the management of the Moore Supply Co., will be in the hands of W. J. Moore, who will endeavor to maintain the prestige that the Moore Supply Co., has held in the past, financial resources unimpaired. Hours of business will be from 6:30 a. m. to 6 p. m., except Saturdays and L. & N. pay days.

1,422,000 BRITISH WOMEN
ARE FILLING MEN'S JOBS
(International News Service)
Washington, D. C., Sept. 18.—
Thirty-six per cent. of the employees
of the Government of Great Britain,
outside the munition factories, in
January, 1918, were women, accord-
ing to an announcement by the De-
partment of Labor. It is estimated
that in all lines of work 1,422,000
women have stepped in to fill the de-
pleted ranks of industry, and nearly
three-quarters of this number work
for the Government.

Says Dorothy Dix:

"It was never so much before
woman's duty to be well dress-
ed as it is now, for in this dark
hour women are the courage
keepers of the nation. They are
fluttering flags of victory, or
drooping banners of defeat. A
man is heartened by looking at
them, or depressed by the sight
of them."

at last to
enjoy my
own meals"

To the woman who cooks

ISN'T it a fact that you are often so worn out with kitchen
work that you can scarcely eat a meal after you have
prepared it? There is nothing on earth that will restore
your appetite so quickly as this labor-saving Hoosier Beauty.

Make your kitchen 100 per cent efficient by installing
this scientific helper. You'll be amazed at the time and steps
that it saves you. A million housewives are agreed that
Hoosier's arrangement is unequalled.

HOOSIER "BEAUTY"

Pay \$1 and let us put the
Hoosier in your kitchen with-
out delay. Balance in con-
venient amounts. Later there
will likely be a shortage of

Hoosiers. It happened last
spring because of freight em-
bargoes.
To make sure of getting your
Hoosier Beauty, come and pick
it out at once.

SERVICE EMBLEMS FOR BOY SCOUTS

THREE LOCAL BOYS WIN TRO- PHIES BY SELLING LIBERTY BONDS.

War service emblems for three
Albany boys who secured ten or more
subscriptions for the Third Liberty
Loan have been forwarded to T. A.
Bowles, scoutmaster, by James E.
Vest, chief executive scout, U. S.
Treasury Department. The boys who
set the emblems are Chas. Malone,
r. Sanders Cortner and Joe Bell.
In writing Mr. Bowles, Mr. West
calls attention to the splendid work
done by the Boy Scouts in the last
Liberty Loan drive and asks for
their full co-operation in the Fourth
Liberty Loan campaign. His letter
in part follows:

I am greatly pleased to send
herewith on behalf of the Treas-
ury Department Service emblems
to be awarded to Scouts under
your jurisdiction who secured
ten or more subscriptions in the
Third Liberty Loan in compli-
ance with official regulations.

We congratulate you upon the
excellent showing made by the
Scouts in your troop and re-
quest that you convey to each
Scout who has been honored by
the Treasury Department our
greetings and congratulations
and say that it is the hope of
the officers of the National
Council that this recognition by
our Government of their achieve-
ment will stimulate them as
Scouts to greater service to the
Government and to others.

Awards will be made to over
36,000 Scouts for Third Liberty
Loan Service. This establishes
what we believe to be a world
record of awards of any char-
acter for individual achievement
of a like nature. This is an in-
spiring fact and a striking testi-
monial of the appreciation of the
United States Government of
the value of organized boyhood
as promoted by the Boy Scouts
of America.

In harmony with the plans just
announced for the Fourth Liberty
Loan Campaign, the responsi-
ble local Scout officials of your
community should confer with the
chairman of your local Liberty
Loan Committees as to the best
plan for the most effective pre-
sentation of these medals. As
heretofore, you will doubtless be
able with the aid of the Liberty
Loan Committee to arrange for
a representative of the United
States Government to formally
make the awards.

Breweries Are Put Out of Business by Wilson's Order

Washington, Sept. 18.—Brewing
interests will accept the prohibition
of brewing malted liquors without
further protest, officials here believe.
The action of President Wilson in
signing the executive order ending
the brewing industry for the period
of the war ends a fight that has lasted
for months, and marks a lengthy
step on the road to nation wide pro-
hibition. On December 1 the manu-
facture of malted drinks, including
near beers, will definitely stop.

Vim Truck Delivers Furniture in Athens

The new Vim truck recently pur-
chased by the Morgan Furniture
Company made a run to Athens today
with a load of furniture sold to a
prominent resident of that city. The
same truck recently delivered a large
furniture order at Hartselle. Since
the auto-truck became a factor in the
local furniture business, much out-
side territory is being covered, pa-
trons of the local furniture stores
finding the stocks carried here in
every way full and complete.

Cost Price Only for Seed Wheat

The offer recently made by the
Lyle-Taylor Grain Company to sell
seed wheat at cost, has met with a
ready response, and a number of
farmers have taken advantage of
the offer. It is hoped that many
more will do the same and will ar-
range to put out a larger acreage
than ever before, as the Government
is urging the necessity for a greater
wheat crop next year. Any farm-
ers wishing further information re-
garding this matter, will get in touch
with the Board of Commerce or the
Lyle-Taylor Grain Company.

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the
people of war torn France, if we depended entirely
on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped
to our shores. We produce about 1,000,000 tons of sugar
a year. Our imports from abroad amount to over 3,000,
000 tons a year in normal times.

The United States Food Administration asks each
family to limit its use of sugar to two pounds per month
per person for household use. The military situation de-
mands that every available ship be placed at the disposal
of the Army or Navy. When we save sugar, we save
shipping.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never
cure you.

Catarrh is annoying enough when
it chokes up your nostrils and air
passages, causing painful and diffi-
cult breathing and other discom-
forts. But the real danger comes
when it reaches down into your
lungs.

This is why you should at once
realize the importance of the proper
treatment, and lose no time ex-
perimenting with worthless reme-

dis which touch only the surface.
To be rid of Catarrh, you must drive
the disease germs out of your blood.
Splendid results have been report-
ed from the use of S. S. S., which
completely routs from your blood
the Catarrh germs, for which it is
a perfect antidote.
S. S. S. is sold by all druggists.

treatment of your own individual
case, write to-day to Chief Medical
Adviser, Swift Specific Co., Dept.
